

UCLA Jonsson Comprehensive Cancer Center

UCLA Health hospitals rank top five nationwide for cancer care

UCLA Health hospitals in Westwood and Santa Monica are ranked No. 5 in the nation for adult cancer care in the annual ratings issued by U.S. News & World Report. UCLA's 2016 ranking—the highest placement it has achieved on the survey and the best of any hospital in California—reflects the pioneering basic and translational research being performed at the JCCC, and the outstanding medical care available to patients with cancer at UCLA.

Baking a difference

Best friends and facilitators of Cakes for Cancer, Abigail Nathanson and Ruby Garland continue to inspire the community with their efforts to raise funds in hopes of finding a cure for lung cancer. Abigail's aunt lost her courageous battle to lung cancer last September and since then, both she and Ruby have baked their way to spread awareness about the disease by providing their baked goods and merchandise at local Farmers Markets. Most recently, Abigail and Ruby were featured as "Heroes of the Week" on KNX 1070 News Radio and also in the Palisadian-Post newspaper! Visit KNX 1070 to [hear their story](#). We thank Abigail, Ruby and Cakes for Cancer for their partnership with JCCF and applaud them for their tireless efforts towards finding a cure for lung cancer.

Funding opportunities

As a member, you can access all the latest intramural and extramural research grant opportunities via our [UCLA CCLE online resource](#)
