Antoni Ribas named AACR President-Elect

Dr. Antoni Ribas has been named the 2019-2020 President-Elect for the American Association for Cancer Research. He will officially become President-Elect on April 1st during the 2019 AACR Annual Meeting in Atlanta and will assume the presidency at the 2020 AACR Annual Meeting. Ribas became a member of AACR in 1999, and has been actively engaged in leadership roles since 2014, most recently as a member of the Board of Directors and the Vice Chair of the Annual Meeting Program Committee. Accelerating Life-Changing Cancer Research at UCLA

UCLA JONSSON CANCER CENTER FOUNDATION

\$58,889 raised

364 donations

START FUNDRAISING

SUPPORT A FRIEND

MAKE A DONATION

Donations to the UCLA Jonsson Cancer Center Foundation (JCCF) help fund Seed Grants, Impact Grants and other high-priority, multi-disciplinary JCCC cancer research efforts focused on rapidly translating discoveries made in the laboratory into improved screening, treatment and prevention. The JCCF receives 60 percent of its funding from individual donors, 25 percent from foundations and trusts, and 15 percent from companies. A simple way that individual donors can raise critical funds for cancer research is through creating a personal fundraising page. These pages can be used to celebrate an occasion such as a birthday, anniversary, bar or bat mitzvah, or to honor a loved one. [Click here](#) to get started and share your page via email and social media with family, friends, and colleagues. If you™d like to learn more about creating a personal fundraising page or know someone who may be interested, please contact us at (310) 206-0675 or jccf@mednet.ucla.edu.

Funding opportunities

As a member, you can access all the latest intramural and extramural research grant opportunities via our UCLA CCLE online resource

Learn

Members area

Learn all about the benefits and privileges that are available to you as a UCLA Jonsson Comprehensive Cancer Center member

Explore

Clinical trials at your fingertips

Connect you and your patients with clinical trials at UCLA. Our online search tool is easily accessible via all mobile devices and tablets

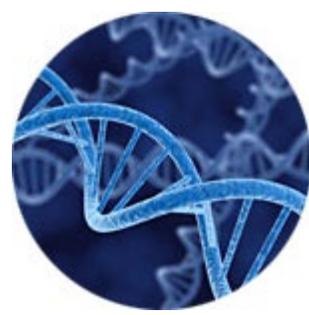

Discover

Shared resources

We provide several shared resources at JCCC, and over 70 additional shared resources at UCLA, to help support your research
